

- [1] Connect your device (e.g. laptop) to the local network:
 - Cable and/or
 - Wireless LAN
- [2] Start your web browser (e.g. IE or Firefox).
- [3] Please enter 'Username' and 'Password' as shown on your Internet Surfticket. If room logon is available, enter the required fields.
- [4] Do not close the ticketstatus window which appears after successful logon!
- [5] Use weblink <http://logon.now> for re-logon or status info.
- [6] Use weblink <http://logoff.now> to force a logoff. ('Flat Rate' ticket-lifetime will be not extended on using this function - contrary to 'Time Rate' tickets!).

**Have a nice stay ...
... and enjoy the Internet!**

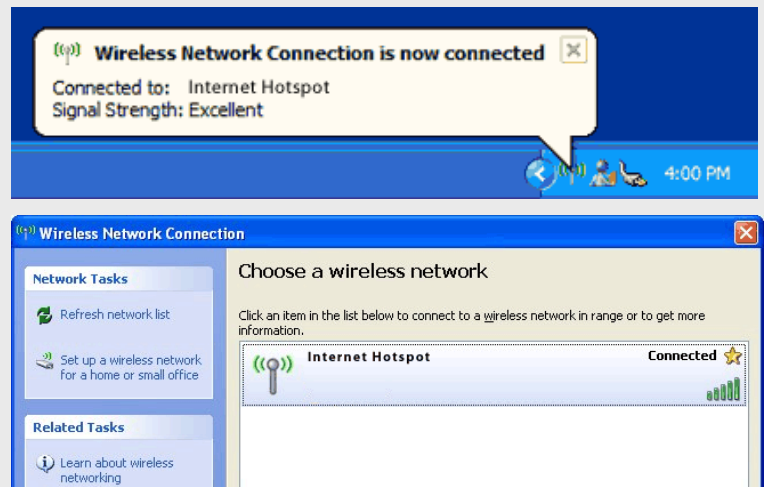

PROBLEM SOLVING

Your device is connected to the local network but you don't get the logon page when starting your web browser?

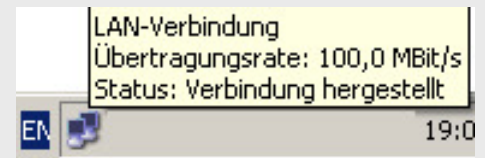

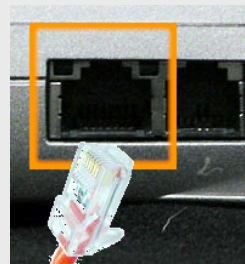

- o Retry to connect your device to the local network (Cable or Wireless LAN).
- o If you have entered a special Proxy-Server in your web browser configuration, please check for 'Direct connection to the Internet'.*
- o If you are using a Personal Firewall, please check the configuration to allow access to the local network.*
- o Configure your connected device (Wireless LAN / Network Card) for DHCP.*

* Before changing device settings, please ask the system administrator of your company for further information.

Connection with Wireless LAN [1]

Connection with Network Cable [1]

Logon Procedure [3]

Internet Surfticket

<p>Username: ticket908 Password: b40a9z5j Duration: 00 days 00 hours 15 minutes</p> <p>Session Limit: 30 MB Ticket Limit: 30 MB Price: 0.00 EUR Ticket Type: Flat Rate</p>	<p>Note: On using the special URL http://logon.now you can obtain the logon mask whenever you wish.
